**Amended and Restated
Declaration of Covenants
Conditions and Restrictions of
Castle Cove**

11/14/97

Although my wife, Alice and I basically agree to the new and restated covenants, we do make the following disclaimers to the document. We have maintained a copy of this notarized disclosure along with attaching a copy to our signed set of covenants.

Page 11, Section 7.4 Exterior Construction

The statement that no vinyl siding will be allowed on any structure in the subdivision is not factual today or in the 12 1/2 years I have lived in Castle Cove.

There are at least three homes in CC with portions of their homes clad in vinyl siding. Then, of course, is our "test case home" at 8130 Bay Brook Drive. We petitioned, had approved by the Architectural Control Committee and subdivision survey, and completed an exterior renovation of our home in March - April 1997 that included the use of extremely high grade, expensive vinyl siding.

I assume that we and the others who presently have vinyl siding installed on our homes are exempt or grandfathered concerning section 7.4.

Compliance Guidelines Page 1-2

Item 3 I know of at least one home in Castle Lake Drive which has no trees in the front yard.

Item 6 Page 1-2

Although this is a good statement, it is hard to enforce. I have noticed a number of occasions when this precept has not been followed.
