PLAT CONTAINS THE FOLLOWING:

SECTION 4: The entire area of this plat is located within Section 4 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 5: The entire area of this plat is located within Section 5 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 6: The entire area of this plat is located within Section 6 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 7: The entire area of this plat is located within Section 7 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 8: The entire area of this plat is located within Section 8 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 9: The entire area of this plat is located within Section 9 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 10: The entire area of this plat is located within Section 10 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 11: The entire area of this plat is located within Section 11 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 12: The entire area of this plat is located within Section 12 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 13: The entire area of this plat is located within Section 13 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 14: The entire area of this plat is located within Section 14 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 15: The entire area of this plat is located within Section 15 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 16: The entire area of this plat is located within Section 16 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 17: The entire area of this plat is located within Section 17 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SITE DATA:

Lot of Lots = 34
 Area = 21,439 s.f.
 Density = 1.59 Lots/ac.

Zoning: DP (D-2-14 (D-2-14)) amended per 2000-APP-036, 2001-APP-150 and 2005-APP-127
 Parcel No. 6

No. of lots/units planned to date: 1794
 Proposed No. of Lots in this Plat: 34
 TOTAL: 1828

Maximum number of lots allowed in Southern Dunes: 2153

PLAT CONTAINS THE FOLLOWING:

SECTION 1: The entire area of this plat is located within Section 1 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 2: The entire area of this plat is located within Section 2 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 3: The entire area of this plat is located within Section 3 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 4: The entire area of this plat is located within Section 4 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 5: The entire area of this plat is located within Section 5 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 6: The entire area of this plat is located within Section 6 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 7: The entire area of this plat is located within Section 7 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 8: The entire area of this plat is located within Section 8 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 9: The entire area of this plat is located within Section 9 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 10: The entire area of this plat is located within Section 10 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 11: The entire area of this plat is located within Section 11 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 12: The entire area of this plat is located within Section 12 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 13: The entire area of this plat is located within Section 13 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 14: The entire area of this plat is located within Section 14 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 15: The entire area of this plat is located within Section 15 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 16: The entire area of this plat is located within Section 16 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

SECTION 17: The entire area of this plat is located within Section 17 of the Township of Perry, Marion County, Indiana, and is situated in Part of Section 17, Township 14 North, Range 3 East, Perry Township, Marion County, Indiana.

UTILITY NOTES

1.1 The utility lines of this plat are located within the boundaries of the Survey shown on the Plat of Section 17, T. 14 N., R. 3 E., Marion County, Indiana, dated July 9, 2008.

1.2 The utility lines of this plat are located within the boundaries of the Survey shown on the Plat of Section 17, T. 14 N., R. 3 E., Marion County, Indiana, dated July 9, 2008.

1.3 All lot shown herein have been surveyed by me above the 100 year State Flood Elevation of 885.2 to 885.1.

The information has been reviewed to include a reasonable quality and quantity of utility lines that may be installed by the utility companies (not shown) in conformity with the standards and specifications of the Indiana Department of Transportation for the installation of utility lines. The location and dimensions shown for each utility line are for information only and are not intended to be used for utility installation.

Southern Dunes Master Declaration: 1998-0228187
Plat for Cheyenne Lakes at Southern Dunes, Section 4:

PLAT COVENANTS CHEYENNE LAKES AT SOUTHERN DUNES, SECTION 4

This instrument, executed by R.N. THOMPSON DEVELOPMENT CORPORATION, hereinafter referred to as "Developer" or as "Declarant", with the consent and approval of the Wellingshire Joint Venture (consisting of R.N. Thompson Development Corporation and Waterway Holdings, Inc.) as Owner of the Real Estate, hereby establishes plat covenants, conditions, and restrictions for the real estate to platted as Cheyenne Lakes at Southern Dunes, Section 4, which real estate is described in Exhibit I hereto. The term "Subdivision" as used herein shall mean Cheyenne Lakes at Southern Dunes.

Cheyenne Lakes at Southern Dunes, Section 4 shall consist of 34 lots, numbered Lots 163 through 196, inclusive, plus Blocks "F" and "G" together with streets, easements and public ways shown on the plat.

In order to provide adequate protection to all present and future owners of lots in this subdivision, the following covenants, restrictions and limitations, in addition to those set forth in the Declaration of Covenants, Conditions and Restrictions for Southern Dunes (the "Master Declaration"), recorded with the Recorder of Marion County on December 23, 1998 as Instrument No. 1998-0228187, are hereby imposed upon and shall run with the land included in this subdivision and shall be binding upon the Developer and anyone at any time owning or using any part or portion of such land. Ownership of the real estate in this subdivision shall also be subject to rights, powers, duties, and obligations of the Southern Dunes Homeowners Association, Inc. (the "Association"), the Southern Dunes New Construction Committee ("New Construction Committee"), and the Southern Dunes Architectural Control Committee (the "Architectural Control Committee"), as set forth in the Declaration, and Design Guidelines promulgated by either Committee. All owners shall take their title subject to the terms and conditions of the Declaration.

A201400007399

If there is an irreconcilable conflict between any of the covenants and restrictions contained in this plat and the covenants and restrictions contained in the Declaration, the conflicting covenant or restriction contained in this plat shall govern and control, only to the extent of the irreconcilable conflict, it being the intent hereof that all such covenants and restrictions shall be applicable to said real estate to the greatest extent possible.

KB (13)

NOTICE: Prior to application for an improvement location permit from the appropriate governmental agency for the construction of a residence or other structure, site plans, landscaping plans and building plans shall have been approved in writing by the Southern Dunes New Construction Committee as defined in Article 10 of the Master Declaration. Such approval shall include but not be limited to: building design, color and location, private drives, tree preservation, and proposed landscaping and fencing, all in accordance with the requirements of the Southern Dunes Design Guidelines. The developer may, in its discretion, waive any or all such requirements, so long as the general plan of development, as expressed herein and on the Plat, is maintained.

NOTICE 2: The Southern Dunes community is located over a wellfield owned and operated by the Indianapolis Water Company ("IWC") as one of its primary sources of water. As a result, there are substantial covenants contained in the Master Declaration imposed to prevent contamination of the soil and groundwater under this community. Those covenants, combined with other covenants, restrictions, servitudes, rights and easements imposed on IWC's behalf to protect this public water source affect the use of land in the community and prohibit certain uses that might be allowed on other property. Exhibit 4 to the Southern Dunes Master Declaration contains a description of the IWC covenants, restrictions, servitudes, rights and easements designed to protect this water supply. The land of Southern Dunes is also subject to the provisions of the Wellfield Protection Zoning Ordinance of Marion County, Indiana, added to the Code of Indianapolis and Marion County (Vol. III, App. D), and thereafter amended under Metropolitan Development Commission Docket Nos. 95-AO-6, 13A and 13B; 96-AO-6, 97-AO-1 and 10; and 98-AO-3.

NOTICE 3: Also because the Southern Dunes community is located over a wellfield, there will be substantial variations in the water level of the water retention ponds and lakes throughout this community. Included within these variations will be occasions when the water retention ponds and lakes may be completely dry or have a very low water level. Also, there will be occasions when the water level will be higher than normal, decreasing the usable portion of an owner's yard or resulting in greater water pressure against the foundation and/or basement of a residence or other building. Neither the Declarant, the Fee Owner, Indianapolis Water Company, or the Association shall be liable to any owner, occupant or other person or entity within the community for excessive water levels, for flooding, or for inadequate water levels or the absence of water in the water retention ponds and lakes throughout the Southern Dunes community.

1. **EASEMENTS.** Lots are subject to the following: Drainage Easements, Utility Easements, Sewer Easements and Landscape Easements, either separately or in combination, as shown on the Plat, which easements are reserved for the use of the Declarant, the Southern Dunes Homeowners Association, Inc. (hereinafter referred to as the "Association"), public or

private utility companies, and governmental agencies, as follows:

"Drainage Easements" are created as shown on the Plat to provide paths and courses for area and local storm drainage, either over land or in adequate underground conduits to serve the needs of the subdivision and adjoining ground and/or the public or private drainage system. Under no circumstances shall drainage easements be blocked in any manner by the construction or reconstruction of any improvement, nor shall any grading restrict the water flow in any manner, without the prior approval of the Architectural Control Committee and the governmental authority having jurisdiction over drainage. Drainage Easements are subject to maintenance, construction or reconstruction to any extent necessary to obtain adequate drainage at any time by any governmental authority having jurisdiction over drainage or by Declarant, its successors or assigns.

"Utility Easements" are hereby created as shown on the Plat for the use of public or private utility companies and cable television companies, not including transportation companies, for the installation, maintenance, and replacement as necessary of pipes, mains, ducts and cable or other related utility structures, as well as for the uses specified for sewer easements. No above ground utilities may be installed without the prior written consent of the Architectural Control Committee.

"Sewer Easements" also referred to as "Sanitary Easements" are hereby created as shown on the Plat, either specifically designated as Sewer Easements or designated generally as Utility Easements, for the use of the Utility, public or private, having jurisdiction over the sanitary waste disposal system designated to serve Southern Dunes. All designated Utility Easements shall also include Sewer Easements. Additional provisions relating to Sanitary Sewers are contained herein.

"Landscape Easements" are hereby reserved and created over and across Lots as shown on the Plat, within which landscaping, earth mounds, screening material, fencing, walls, neighborhood and community identification signs, directories, lighting, irrigation systems and other improvements may be constructed and maintained by the Developer or the Association to provide landscape design continuity and ensure attractive and aesthetically pleasing entryways into the Community. Within Landscape Easements, the Developer and the Association shall have the right to install, inspect, maintain, reconstruct and remove such landscape improvements as described herein. Without limiting the generality of the foregoing, the Landscape Easements may include sidewalks, walking trails and paths. Owners of lots shall have the right to fully use and enjoy their own lot, except for such use as may impair, impede, or interfere with the exercise by the Developer or Association of the landscaping and other rights granted herein. Owners of lots shall not construct, nor permit to be constructed any structure or obstruction on or over any part of a lot or interfere with the Developer's or Association's ability to use or gain access to the lot.

for purposes permitted by this Landscape Easement, without the prior written approval of the Developer or the Association.

The Developer, the Association and any other Utility for whose use the Easement areas are created and reserved shall have a right to go on any lot temporarily to the extent reasonably necessary for the exercise of the easement rights granted by this paragraph. **No permanent structures shall be erected or maintained upon Drainage, Utility, Sewer or Landscape Easements by any Owner without the prior approval of the Architectural Control Committee.**

The following provisions shall also apply to sanitary sewers:

- 1) Sanitary sewer easements may be used by the Department of Public Works of the City of Indianapolis or such other utility company having authority over sewer easements within the Southern Dunes community (hereinafter collectively referred to as "Utilities") for the construction, extension, operation, inspection, maintenance, reconstruction, and removal of sanitary sewer facilities, and all such easements shall include a right of ingress and egress necessary and appropriate to accomplish the purposes stated herein.
- 2) Pavement or concrete, including driveways and sidewalks, shall not be constructed on or within one (1) foot horizontal distance of any sanitary sewer manhole or cleanout casting.
- 3) The drip line of all trees must be located a minimum of ten (10) feet from the center of sanitary sewers and manholes and no trees shall be planted directly over building sewers (laterals). Any landscaping placed within easements or rights-of-way is at risk of being removed by Utilities without the obligation of replacement.
- 3) No mounding, lighting, fencing, signs, retaining, landscaping or entrance walls, irrigation lines, etc. shall be placed within ten (10) feet of the center of the sanitary sewer infrastructure. Any of the above listed items placed within easements or rights-of-way is at risk of being removed by Utilities without the obligation of replacement.
- 4) All homeowners not served by gravity sanitary sewer service are responsible for all maintenance, repair and replacement of all grinder/ejector pumps, force mains and gravity laterals from the residence to its connection to the sanitary sewer main.
- 5) No owner or occupant, and no lot or unit may discharge storm water or other clear water sources (foundation drains, sump pumps, roof drains, etc.) into the sanitary sewer system.

6) Grade changes across sanitary sewer facilities must be approved in writing by the Department of Public Works of the City of Indianapolis.

Other easements are as shown on the Plat.

The Developer shall retain the right to display marketing and promotional signs within this subdivision, including within any right of way island, both for the Developer and for any Builder approved by the Developer, until the sale of the last lot in the Southern Dunes Community, including Sections not yet platted, to an Owner other than a Builder.

The owners of lots in this subdivision shall take and hold title to their lots subject to all of the foregoing Easements, to the rights of the public utility companies, governmental agencies, the Developer, the Association and others therein (which rights also include the right of ingress and egress in, along, across and through said Easements), to the jurisdiction of the proper authorities and to the covenants herein granted and reserved.

2. LIMITED RESTRICTED ACCESS AREAS.

Block "F" in this section shall be a Limited Access area, which means that, even though there may be common area behind a lot, persons other than the owner of the lot (and persons having specific easement rights such as the Declarant or utilities) shall not be entitled to the use of such common area. With regard to Block "F", the limited access area shall be behind lots 163 through 174.

Block "G" is a designated wetlands area, and it shall be a Restricted Access Area. This area is to be maintained as a wetlands, benefiting the overall ecology of this community. While this is Common Area which will be owned and preserved by the Association, it will not be available for use by owners, occupants or other persons.

3. DRAINAGE PLAN. It shall be the responsibility of the owner of any Lot or parcel of land within the area of this plat to comply at all times with the provisions of the drainage plan as approved for this plat by the Department of Public Works of the City of Indianapolis and the requirements of all drainage permits for this plat issued by said Department.

It shall also be the duty of every Owner of every Lot in this Subdivision on which any part of an open storm drainage ditch or swale is situated to keep such portion thereof as may be situated upon his Lot continuously unobstructed and in good repair.

In the event that the Owner does not comply with the drainage plan or does not maintain the storm drainage ditch or swale upon their Lot or any portion of a drainage pond upon their Lot, after written notice and a thirty day opportunity to do so, the Association shall have an easement

This document is provided for informational purposes only. It is not intended to be used for any legal or financial purpose. This document is not available for resale under IC 36.2.7

to come upon such Owner's property to make any necessary corrections or repairs, and the Association shall be entitled to reimbursement for its costs and shall have a lien upon such Owner's property therefor, collectable as provided in Section 11.9 of the Declaration. In the event of an emergency, the thirty day requirement above shall not be required, but the Association shall give the Owner such notice as is practical under the circumstances.

4. DEDICATION OF STREETS. The rights-of-way of the streets as shown on this plat, if not heretofore dedicated to the public, are hereby dedicated to the public for use as a public right-of-way, subject however to a reservation of ingress-egress for the maintenance to medians in the subdivision and also subject to an easement for utility services as provided in paragraph 1 of these Plat Covenants.

5. BUILDING LOCATION AND SIZE. All building locations must comply with the zoning ordinances and zoning commitments for this subdivision. Subject to other provisions contained herein, building setback lines are hereby established as shown on this plat, and no building or structure shall be erected or maintained between the setback lines and the property lines of the lots. The owners of all lots shall be required to submit a drainage plan, including a minimum building elevation, to the governmental agency which issues building permits. The minimum pad or building elevation as so approved by the New Construction Committee and the governmental agency shall constitute the minimum elevation for all buildings on said lot.

Except with the advanced written approval of the New Construction Committee and subject to easements shown on the plat, no building, structure or accessory building shall be erected closer than five feet (5') to any side lot line, and in no case shall aggregate side yards between homes be less than ten feet (10'). No building, structure or accessory building shall be erected closer to the right-of-way of any street than twenty five feet (25') on local streets and thirty feet (30') on collector streets. Where buildings are erected on more than one single lot (or parts thereof), these restrictions shall apply to the combined lots (or parts thereof) as if they were one single lot, and the restrictions applied based on the distance from the buildings, structures or other improvements to the adjacent lot lines adjoining the combined lot.

Each one story residence shall be not less than one thousand (1,000) square feet of finished and livable floor area, exclusive of open porches and garages, and each multiple story structure shall be not less than one thousand four hundred (1,400) square feet, in the aggregate, of finished and livable floor area, exclusive of open porches and garages. The Design Guidelines may also specify the minimum square footage requirements for the first floor of any multiple story residence.

Each residence shall have an attached garage of a size to accommodate at least two cars. No garage may be converted to a livable space without prior approval of the Architectural Control Committee and the construction of another attached garage.

This document is not eligible for sale under IC 36.2.7

DRIVEWAYS. Each driveway in this Subdivision shall be of concrete or asphalt material, and no additional parking shall be permitted on a Lot other than the existing driveway, except with the prior approval of the Architectural Control Committee. No Lot may have a driveway on more than one street.

7. RESIDENTIAL USE ONLY. All Lots in this Subdivision shall be used solely for residential purposes except for residences used as model homes during the sale and development of this Subdivision. No business buildings shall be erected on said Lots, and no business may be conducted on any part thereof, other than home occupations approved by the Southern Dunes Board. No residence shall be erected, altered, placed or permitted to remain on any Lot herein, other than one detached single family residence not to exceed two and one-half stories in height.

No trailer, shack, tent, boat, garage or outbuilding may be used at any time as a residence, temporary or permanent; nor may any structure of a temporary character be used as a residence. With the consent of the Declarant, a builder may have a temporary structure during the construction of a residential building on the property, which temporary construction building or trailer shall be promptly removed upon completion of construction of the building.

8. LIMITATION ON VEHICLES. No inoperative or unlicensed vehicle shall be parked or repaired anywhere within the Subdivision, including on any Lot or on the driveway thereof. No camper, trailer, mobile home, boat, truck or school bus may be parked in the Subdivision, including on any Lot or on the driveway thereof, except:

- a. Personal automobiles, vans and pick-up trucks (not larger than 3/4 ton) may, subject to rules and regulations established in the Master Declaration or by the Southern Dunes Board of Directors, be parked on a private driveway, and
- b. A camper, trailer, mobile home, or boat may be stored in an enclosed attached garage of average residential proportions, and
- c. The Southern Dunes Board of Directors may establish rules prohibiting or regulating parking on the public streets within the Subdivision.

9. LIMITATIONS REGARDING TRASH. Garbage and trash shall be kept in approved containers, kept in a clean and sanitary condition, and kept in a location which is not visible from the street, except on collection day or the evening before collection day. No Lot shall be used or maintained as a dumping ground for rubbish or other waste materials and trash shall be regularly removed from the Property.

10. ARCHITECTURAL DESIGN AND ENVIRONMENTAL CONTROL. No structure or improvement -- including but not limited to residences, accessory structures, landscaping, fences, walls, mounds, ponds, pools, satellite dishes, antennae, patios, basketball goals and other permanent structures for sports and recreation -- shall be erected, placed or altered

on any Lot in this Community until the building plans, specifications and plot plan showing the location, materials, and appearance of the planned improvement have been submitted to and approved by the Architectural Control Committee or by the New Construction Committee, as appropriate, regarding conformity and harmony of external design, topography, and finished ground elevations. The Developer may pre-approve building plans and specifications so that the plans for each individual lot need not be submitted, upon the condition that any significant revision or deviation be submitted to the Developer for approval.

The provisions of Article 10 of the Southern Dunes Master Declaration shall be followed and complied with by every owner, builder, contractor and any other person or entity residing in this subdivision or making any improvement to any lot or structure within this subdivision.

Each Owner or builder of a new home on a Lot shall submit a detailed landscape plan to the New Construction Committee, in conjunction with its application for initial approval, which plan shall include sodding the front yard of each residence and the side yards to the back line of the residence. The landscape plan shall be completed on or before the transfer of title of said Lot to the first occupant of such residence, or funding therefore shall be escrowed with an approved title company. A corner lot shall be considered to have two front yards. In the event that the owner's back yard lawn treatment does not result in full grass coverage within one year of initial occupancy, the Declarant may require the Owner to install sod in all areas of inadequate coverage.

Any exception as to method or timing of lawn treatment and coverage must be approved by the Developer in writing prior to beginning construction. In the event that title passes to a homeowner without meeting the above requirements, the homeowner and general contractor will become jointly responsible for meeting this requirement.

The Design Guidelines may establish special restrictions regarding fences for Lots adjacent to, or visible from, the lakes or the golf course.

11. INTERSECTION VISIBILITY. No fence, wall, hedge, shrub or planting which obstructs sight lines at elevations between two (2) and nine (9) feet above the street, shall be placed or permitted to remain on any corner Lot within the triangular area formed by the street property lines and a line connecting points twenty-five (25) feet from the intersection of said street lines, or in the case of a rounded property corner, from the intersection of the street lines extended. The same sight line limitations shall apply to any Lot within ten (10) feet from the intersection of a street line with the edge of a driveway pavement. No tree shall be permitted to remain within such distances of any such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of the sight line.

12. LANDSCAPE EASEMENTS - PRO RATA MAINTENANCE OBLIGATION.
If, for any reason, the Southern Dunes Homeowners Association would cease to exist or cease to

function, the areas designated on the plat as Blocks, landscape easements or landscape and utility easements shall be maintained by the title owner of the Lot upon which the easement exists. Whoever has the maintenance responsibility herein detailed shall have the right of contribution to the extent of money so expended (including reasonable costs for administration), from each Lot owner on an equal proratable basis for all Lots in all of the sections of this Subdivision. Each Lot owner's obligation may be collected in advance of the expenditure in a reasonable amount, shall mature thirty (30) days after the date of receipt of notice of his or her obligation, and shall draw interest at twelve percent (12%) per annum after the obligation matures with reasonable attorney fees if such services are required to secure payment.

13. MISCELLANEOUS PROVISIONS.

a. Each residence shall have a single mailbox, standardized in size, appearance and color, according to the Design Guides, and maintained in good condition at all times. The size, design and color shall be specified by the Declarant and shall be purchased, installed and maintained by the Homeowner.

b. Each residence shall have at least one coach light attached and hard wired to the garage and/or the front entry of the house which is illuminated by a photo cell, as set forth in the Design Guidelines, which shall be maintained by the Owner in good working condition.

c. Except as may be specifically approved by the Architectural Control Committee, window air conditioning units may not be installed on any lot.

d. No solar energy collector panels or attendant hardware or other energy conservation equipment shall be constructed or installed on any Lot unless it is an integral and harmonious part of the architectural design of a structure, as determined in the sole discretion of the Architectural Control Committee.

e. No satellite receiving dish greater than one meter in diameter shall be erected or installed on any Lot. No antennae shall exceed twelve (12) feet above roof peak. No lot shall have more than one satellite dish and one antenna without the prior approval of the Architectural Control Committee, and, to the extent that acceptable reception may be obtained, any satellite dish or antenna shall be attached to the house and installed on the back of the house. The Design Guidelines may impose requirements (which do not impair reception or significantly increase costs) for painting or screening of satellite dishes and antennae, location, and other restrictions on antennae and satellite dishes.

f. No fuel storage tanks shall be permitted on the Property, except during the initial construction of any home, and then only with the express written consent of the Developer.

g. Sump pumps serving individual residences or lots shall not outfall or empty onto grass swales between lots, but only into major drainage swales or storm structures included in the storm drainage system for the subdivision.

h. The discharge of firearms within Southern Dunes, except for the protection of an individual from personal attack or injury, is prohibited. The term "firearms" includes bows and arrows, slingshots, "B-B" guns, pellet guns, and other firearms of all types, regardless of size. Notwithstanding anything to the contrary contained herein or in the By-Laws, the Association shall not be obligated to take action to enforce this Section.

14. SWIMMING POOLS, HOT TUBS AND OTHER STRUCTURES. No above ground swimming pools shall be erected, constructed or installed on any Lot. Below ground pools, hot tubs, spas, jacuzzis or similar water recreational facilities may be installed with prior approval of the Architectural Control Committee. The Committee may consider lot size and available room on the lot for such facilities as one of its considerations. The Committee may impose a fencing requirement for such facilities which is greater than what is required by governmental entities.

Any attached garage, tool shed, storage building or any other attached building erected or used as an accessory to a residence shall be of a permanent type of construction and shall conform to the general architecture and appearance of such residence.

Detached garages, tool sheds or minibarns may not be erected on any Lot. Other detached structures, including enclosures for approved swimming pools, hot tubs or spas and enclosures for pets, shall be limited (or prohibited) as determined by the Committee, and plans shall be submitted to the Committee for approval prior to construction. The Master Declaration contains additional provisions relating to such structures.

15. MAINTENANCE. It shall be the duty of each owner in the subdivision to maintain their lot, and the house and any additional structures on their lot. In the event the owner of any lot fails to do so in a manner satisfactory to the Association, the Association shall have the right (but not the obligation) through its agents and employees, to enter upon said lot and to repair, maintain and restore the lot and/or the exterior of the improvements erected thereon. The cost of such exterior maintenance shall be and constitute a special assessment against such lot and the owner thereof, to be assessed, collected and enforced as provided in the Southern Dunes Declaration.

16. DURATION OF COVENANTS. These covenants and restrictions shall run with the land and shall be binding upon all persons or entities from time to time having any right, title or interest in the Real Estate, or any part thereof, and on all persons or entities claiming under them until twenty (20) years after the date of recording hereof. After the initial 20 years, these

covenants and restrictions shall be automatically extended for successive periods of ten (10) years each, unless prior to the commencement of any such extension period, by a vote of at least seventy percent (70%) of the then owners of the Lots in the Cheyenne Lakes at Southern Dunes Subdivision; it is agreed that said covenants and restrictions shall terminate in whole or in part; provided, however, that no termination of said covenants and restrictions shall affect any easement hereby created and reserved unless all persons entitled to the beneficial use of such easement shall consent thereto.

Lot owners may amend these covenants in whole or in part by an affirmative vote of 70% of the Lot Owners. No amendment to these covenants may be made without Developer's approval and consent, until the Developer has sold all of the lots in any section of this Subdivision. Any amendment or termination shall be evidenced by a written instrument, signed by the Lot owner or owners concurring therein, which instrument shall set forth facts sufficient to indicate compliance with this paragraph and shall be recorded in the office of the Recorder of Marion County, Indiana.

17. ENFORCEMENT. Violation or threatened violation of these covenants and restrictions shall be grounds for an action by Developer, any person or entity having any right, title or interest in the Real Estate (or any part thereof), or any person or entity having any right, title or interest in a Lot in the Subdivision and all persons or entities claiming under them, against the person or entity violating or threatening to violate any such covenants or restrictions. Available relief in any such action shall include recovery of damages or other sums due for such violation, injunctive relief against any such violation or threatened violation, declaratory relief, and the recovery of costs and attorneys' fees incurred by any party successfully enforcing these covenants and restrictions; provided, however, that neither the Developer or the Homeowners Association shall be liable for damages of any kind to any person for failing to enforce or carry out such covenants or restrictions.

No Owner may claim, collect, or recover attorney fees against the Developer, R.N. Thompson Development Corporation, NiSource Development Company, Inc., or from the Wellingshire Joint Venture, or from any officer, director, employee, agent, or other authorized agent of any of the above entities, arising from any failure or alleged failure to comply with any provision of the Plat Covenants, or of the Master Declaration, or of any action taken or omission of any duty or responsibility of any of the above with regard to the planning, development or operation of the Cheyenne Lakes community, or the operation of the Homeowners Association.

Further, in the event that an action or omission of any Owner, home builder, or other contractor or agent, or any other person coming onto the Southern Dunes community (referred to herein as an "Indemnifying Party"), results in a claim against R.N. Thompson Development Corporation, NiSource Development Company, Inc., or the Wellingshire Joint Venture, or from any officer, director, employee, agent, or other authorized agent of any of the above (collectively referred to herein as the "Indemnified Parties") entities results in any suit or claim against any of

This document is not eligible for recording under IC 36-2.7

the Indemnified Parties, the Indemnifying Party shall indemnify and hold the Indemnified Parties harmless from any action or omission, whether based on contract, tort, or any other claim, theory or basis of recovery, including attorney fees, costs for expert witnesses and consultants, and other costs of litigation; and whether such Indemnifying Party is wholly or partially at fault.

18. SEVERABILITY. Every one of the Restrictions is hereby declared to be independent of, and severable from, the rest of the Restrictions and of and from every other one of the Restrictions, and of and from every combination of the Restrictions.

19. DECLARATION. A Declaration of Covenants and Restrictions for the entire Southern Dunes Community and establishing the rights and obligations of the Southern Dunes Homeowners Association, Inc. was recorded in the office of the Recorder of Marion County, Indiana on December 23, 1998 as Instrument No. 1998-0228187. Every Owner of a Lot in Cheyenne Lakes at Southern Dunes will automatically be and become a member of the Southern Dunes Homeowners Association. Every Owner will be required to pay all duly established annual and special assessments, including temporary assessments in the event that the annual assessment is not timely established. All unpaid assessments will become a lien on the Owner's Lot, which may be foreclosed pursuant to the procedures established in the Declaration. No Owner may exempt himself or herself from the obligation to pay assessments by abandoning the Lot, the common areas or otherwise.

In the event that the Declaration is invalidated for any reason, every Owner nevertheless assumes a responsibility for a pro-rata portion of all common expenses, including maintenance, taxes, insurance, legal, accounting, management fees, and reserves for replacements and contingencies as a member of the Association, for regular annual assessments and for special assessments, and a lien shall attach upon the Lot owned by an Owner for such assessments. Further, an Owner who fails or refuses to pay such common expenses and assessments on a timely basis shall incur a late charge determined by the Board of up to twenty percent of the unpaid assessment plus interest of one and one half percent per month beginning thirty days after the date due, plus costs and attorney fees incurred in collection.

IN WITNESS WHEREOF, the undersigned, as the Developer of the above described real estate and a Member of the Wellingshire Joint Venture, has hereunto executed these Plat Covenants this 21st day of January, 2014.

R.N. THOMPSON DEVELOPMENT CORPORATION

By: Arthur L. Kaser
Arthur L. Kaser, Vice President

STATE OF INDIANA)
