1. Definitions

The following are definitions of the terms as they are used in this Declaration:

A. "Committee" shall mean the Claybourne Development Control Committee composed of three members appointed by the Developer who shall be subject to removal by the Developer at any time with or without cause. Any vacancies from time to time existing shall be filled by appointment of the Developer. The Developer may, at its sole option, at any time hereafter relinquish to the Association the power to appoint and remove one or more members of the Committee.

B. "Association" shall mean the Claybourne Property Owners Association, Inc. a not-for-profit corporation, the membership and powers of which are more fully described in Paragraph 11 of this Declaration.

C. "Lot" shall mean any parcel of real estate excluding "Blocks", whether residential or otherwise, described by one of the plats of the Development which is recorded in the Office of the Recorder of Hamilton County, Indiana.

D. Approvals, determinations, permissions, or consents required herein shall be deemed given if they are given in writing, signed with respect to the Developer or the Association, by the President or a Vice President thereof, and with respect to the Committee, by two members thereof.

E. "Owner" shall mean a person who has or is acquiring any right, title or interest, legal or equitable, in and to a lot, but excluding those persons having such interest merely as security for the performance of an obligation.

F. "Declarant" shall mean Boomerang Development, LLC.

2. CHARACTER OF THE DEVELOPMENT.

A. In General. Every lot in the Development, unless it is otherwise designated by the Developer, is a residential lot and shall be used exclusively for single-family residential purposes. No structures shall be erected, placed or permitted to remain upon any of said residential lots except a single-family dwelling house.

B. Residential Use of Accessory Outbuildings Prohibited. No accessory outbuildings shall be erected on any of the residential lots.

C. Occupancy or Residential Use of Partially Completed Dwelling House Prohibited. No dwelling house constructed on any of the residential lots shall be occupied or used for residential purposes or human habitation until it shall have been substantially completed. The determination of whether the house shall have been substantially completed is subject to the rules, regulations and ordinances of The City of Carmel and of its building commissioners.

D. Other Restrictions. All tracts of ground in the Development shall be subject to the easements, restrictions and limitations of record appearing on the recorded plat of the subdivision, on recorded easements, rights-of-ways, and also to

all governmental zoning authority and regulation affecting the Development, all of which are incorporated herein by reference.

E. Corner Lots. Corner lots are considered unique in that they have double road frontage and thus effectively have two (2) front yards. Concerning this Declaration, the side yard common to the adjacent street right-of-way will be considered a front yard on corner lots.

3. GENERAL RESTRICTIONS

A. Fences. The Committee, prior to any installation, must approve any fencing, walls, mounds, and landscape screening. It is the goal to keep all fencing or screening harmonious with the architectural character of the community. No fence or screen will be approved which obstructs necessary sight lines for vehicular traffic. Undue obstruction of views from adjoining properties and amenity areas will be taken into consideration by the Committee when reviewing fences for approval. No front yard fencing is permitted, except on a Lot on which there is maintained a sales office or model home by Declarant or a Builder. All fences must be professionally installed. The Owner shall keep all fences in good repair. No fences shall be located any closer to the front lot line than a point ten (10) feet back from the front corners of the residence. Notwithstanding any other provision of this Declaration to the contrary, invisible electronic fences designed to restrict the movement of animals are expressly permitted. Notwithstanding any other provision of this Declaration to the contrary, on a corner lot, no fences will be allowed between the side building line and the adjacent street right-of-way. No fences are allowed in easements and, if erected, are erected at the Owner's risk as such fences may be partially or completely torn down by others if said fences interfere with the installation, operation, and/or maintenance of the facilities for which the easement has been reserved. Any fence located along a common area or a perimeter boundary of the Development shall be of uniform size, materials, height, and design to be determined by "Committee".

(i) Height Restrictions: The Committee shall determine the height of fences and walls; provided, however, that the following maximum heights of walls and fences shall not exceed the following:

- a. Black wrought iron fencing shall not exceed six (6) feet in height;
- b. Wood or vinyl/PVC fencing shall not exceed four (4) feet in height; provided, however, that this restriction may be waived by the Committee to enclosed an in-ground pool;
- c. Lot fencing and walls shall not exceed six (6) feet above grade;
- d. Patio screens/privacy fences adjoining the rear of the Dwelling Unit shall not exceed six (6) feet in height; and
- e. No fence located on a Lot abutting a Pond shall exceed forty-two (42) inches in height beyond a point sixteen (16) feet from the rear line of the

Dwelling Unit. However, this restriction may be waived by the Committee to enclose an in-ground pool.

(ii) Material and Finish. Black wrought iron fencing is preferred. However, the committee may allow wood fencing. Also, vinyl or PVC "picket" fencing may be allowed. If a wood picket fence is to be painted, then it should be maintained, at all times, in a "like new" condition. Chain link fencing is prohibited. The Committee must approve all fencing materials, design, and location. Walls above grade must be constructed of natural stone, masonry, black wrought iron or shadow box fencing. The Committee will approve landscape screening material, design, and location on an individual basis.

(iii) Approval. The exact location, material, color and height of the fence and rendering or photograph thereof shall be submitted to the Committee for written approval at least thirty (30) days prior to proposed construction. If however, approval has not been issued by the Committee in writing within thirty (30) days after submission, then said request shall be considered DENIED.

B. Trees. Every lot must have at least two trees of a species acceptable to the Committee and to the City of Carmel growing upon it in the front yard by the first planting season after the house is completed.

C. Driveway. All driveways must be paved with asphalt or concrete from their point of connection with the abutting street or road.

D. Diligence in Construction. Every building whose construction or placement on any residential lot in the Development is begun shall be completed within (9) months after the beginning of such construction or placement. No improvement which has partially or totally been destroyed by fire or otherwise, shall be allowed to remain in such state for more than three (3) months from the time of such destruction or damage.

E. Maintenance of Lots and Improvements. The owner of any lot in the Development shall at all times maintain the lot and any improvements situated thereon in such a manner as to prevent the lot or improvements from becoming unsightly; and, specifically, such owner shall:

(i) Mow the lot at such times as may be reasonably required in order to prevent unsightly growth of vegetation and noxious weeds.

(ii) Remove all debris or rubbish.

(iii) Prevent the existence of any other condition that reasonably tends to detract from or diminish the aesthetic appearance of the Development.

(vi) Cut down and remove dead trees.

(v) Keep the exterior of all improvements in such a state of repair or maintenance as to avoid their becoming unsightly.

(vi) Within sixty (60) days following completion of a house on a lot, the owner shall landscape the lot, weather permitting.

(vii) The owner of any lot abutting or adjacent to a retention pond or lake within a Common Area as defined in paragraph 10 shall maintain the Common Area, which lies immediately adjacent to and between the lot and the waterline of the pond or lake to prevent unsightly growth or weeds.

F. Association's Right to Perform Certain Maintenance. In the event that the owner of any lot in the Development shall fail to maintain his lot and any improvements situated thereon in accordance with the provisions of these Restrictions, the Association shall have the right, but not the obligation, by and through its agents or employees or contractors, to enter upon said lot and repair, mow, clean or perform such other acts as may be reasonably necessary to make such lot and improvements situated thereon, if any, conform to the requirements of these Restrictions. The cost therefor to the Association shall be added to and become a part of the annual charge to which said lot is subject and may be collected in any manner in which such annual charge may be collected. Neither the Association nor any of its agents, employees, or contractors shall be liable for any damage, which may result from any maintenance work performed hereunder.

G. Ditches and Swales. It shall be the duty of the owner on every lot in the Development on which any part of any open storm drainage ditch or swale is situated to keep such portion thereof as may be situated upon the lot continuously unobstructed and in good repair, and to provide for the installation of such culverts upon said lot as may be reasonably necessary to accomplish the purposes of this subsection. All owners shall be responsible to maintain the grading of their respective lots as defined by the Claybourne construction plans as prepared by Schneider Engineering and approved by The City of Carmel and The Clay Township Regional Waste District. Any accumulation of silt or change in grading caused by sump-pump discharge, downspout run-off, general drainage or the dispersal of excavation spoilage, which creates standing water, or an improper drainage condition shall be the responsibility of the property owner to remove and correct.

H. Sump-pumps. Drainage swales are designed to channel storm water runoff to a collection basin. Drainage swales are not designed for sump-pump discharge and will not function in this capacity. When a sump-pump is outlet directly into a drainage ditch or swale, vegetation will die, soil will erode and the ditch or swale will be continuously wet and soggy. Therefore, all sump-pumps must be connected to a perforated drainage tile that has been trenched beneath the ground surface and outlet directly into a storm sewer structure. This is the responsibility of the homeowner, not the developer. The exact location of a storm sewer structure and the length of perforated drainage tile necessary to properly outlet a sump-pump will vary per lot. Damage caused by sump-pump discharge into an open ditch or swale will be the direct responsibility of the homeowner.

I. Retention Ponds. There are or will be retention ponds within the Development.

4. PROVISIONS RESPECTING DISPOSAL OF SANITARY WASTE.

A. Nuisance. No outside toilets shall be permitted on any lot in the Development (except during a period of construction and then only with the consent of the Committee), and no sanitary waste or other wastes shall be permitted to enter any storm drain. By purchase of a lot, each owner agrees that any violation of this paragraph constitutes a nuisance, which may be abated by the Developer, or the Association in any manner provided at law or in equity. The cost or expense of abatement, including court costs and attorney's fees, shall become a charge or lien upon the lot, and may be collected in any manner provided bylaw or in equity for collection of a liquidated debt.

Neither the Developer, nor the Association, nor any officer, agent, employee nor contractor thereof, shall be liable for any damage, which may result from enforcement of this paragraph.

B. Construction of Sewage Lines. All sanitary sewage lines on the residential building lots shall be designed and constructed in accordance with the provisions and requirements of the Hamilton County Board of Health and The City of Carmel and The Clay Township Regional Waste District. No storm water (subsurface or surface) shall be discharged into sanitary sewers.

C. Sanitary sewer and utility easements allow for the construction, extension, operation, inspection, maintenance, reconstruction, and removal of sanitary sewer facilities and gives The City of Carmel and The Clay Township Regional Waste District the right of ingress/egress.

E. Any landscaping placed within easements or right-of-ways is at the risk of being removed by utilities without the obligation of replacement.

F. Mounding, lighting, fencing, signs, retaining/landscaping/entrance walls, irrigation lines, etc. placed within easements or right-of-ways is at the risk of being removed by utilities without obligation of replacement.

G. Any discharge of clear water sources (foundation drains, sump pumps, roof drains, etc.) into the sanitary sewer system is strictly prohibited.

5. INDIVIDUAL LIGHTS REQUIRED ON EACH LOT IN THE DEVELOPMENT.

At the time that the owner of the lot in the Development completes the construction of a home on his lot, he shall install or cause to have installed a dusk to dawn yard light in the front yard of his lot or dusk to dawn coach lights mounted on the garage if permitted. The design, type and location of the lights shall be subject to the approval of the Committee which may require, for the purpose of uniformity and appearance, that said lights be purchased from the Developer or its designee. Garage, mounted dusk to dawn coach lights may be substituted for a yard light at the discretion of the builder.

6. MAILBOXES.

Owners of a lot in the Development shall install or cause to have installed a mailbox, which shall be in accordance with

the design, type and location of a mailbox approved by the Committee. The Committee may require, for the purpose of uniformity and appearance, that the mailbox be purchased from the Developer or its designee.

B. Signs. No signs or advertisements shall be displayed or placed on any lot or structures in the Development without the prior written approval of the Committee except for real estate sales signs.

C. Animals. No animals shall be kept or maintained on any lot in the Development except the usual household pets, and, in such case, such household pets shall be kept reasonably confined so as not to become a nuisance.

D. Vehicle Parking. No campers, motor homes, semi-trucks, trailers, boats, or disabled or unlicensed vehicles shall be parked on any street or lot in the Development. No boat or truck, one (1) ton or larger in size, shall be parked for overnight or longer storage on any lot in the Development, nor shall any vehicle be parked on any street within the Development for more than two consecutive nights.

E. Garbage and Other Refuse. No owner of a lot in the Development shall burn or permit the burning out of doors of garbage or other refuse, nor shall any such owner accumulate or permit the accumulation out of doors of such refuse on his lot except as may be permitted in Subparagraph F below. All houses built in the Development shall be equipped with a garbage disposal unit.

F. Trash Receptacles. Any receptacle for ashes, trash, rubbish or garbage shall be so placed and kept as not to be visible from any street within the Development at any time, except at the times when refuse collections are being made.

H. Temporary Structures. No temporary structure of any kind, such as a house, trailer, tent, garage or other outbuilding shall be placed or erected on any lot nor shall any overnight camping be permitted on any lot without permission to do so from the Developer.

I. Wells and Septic Tanks. No water wells shall be drilled on any of the lots nor shall any septic tanks be installed on any of the lots in the Development, without the approval of the Committee.

J. Prohibition of Antennas. No exposed radio, cable and television antennas and/or dishes shall be permitted within the Development, without the approval of the Committee. Satellite

dishes will not be permitted to be installed on the front of a house or within fifteen (15) feet of the front of the house.

K. Swimming Pools. In ground swimming pools may be permitted but must be approved by the Committee. Above ground swimming pools will not per permitted in Claybourne.

A. Statement of Purposes and Powers. The Committee shall regulate the external design, appearance, use, location and maintenance of lands subject to these Restrictions and improvements thereon, in such a manner as to preserve and enhance values and to maintain a harmonious relationship among structures and the natural vegetation and topography.

(i) Generally. No dwelling, building structure or improvement of any type or kind shall be constructed or placed on any lot in the Development without the prior approval of the Committee, except for original home construction by a builder who has entered into a contract with the Developer to purchase lots. Such approval shall be obtained only after written application has been made to the Committee by the owner of the lot requesting authorization from the Committee. Such written application shall be in the manner and form prescribed from time to time by the Committee, and shall be accompanied by two (2) complete sets of plans and specifications for any such proposed construction or improvement. Such plans shall include plot plans showing the location of all improvements existing upon the lot and the location of the improvement proposed to be constructed or placed upon the lot, each properly and clearly designated. Such plans and specifications shall set forth the color and composition of all exterior materials proposed to be used and any proposed landscaping, together with any other materials or information which the Committee may require. All building plans and drawings required to be submitted to the Committee shall be drawn to a scale of 1/4" = 1' and all plot plans shall be drawn to scale of 1" = 30', or to such other scale as the Committee shall require.

(ii) Power of Disapproval. The Committee may refuse to grant permission to construct, place or make the requested improvement, when:

(a) The plans, specifications, drawings or other material submitted are themselves inadequate or incomplete, or show the proposed improvement to be in violation of these restrictions;

(b) The design or color scheme of a proposed improvement is not in harmony with the general surroundings of the lot or with adjacent buildings or structures;

(c) The proposed improvement, or any part hereof, would in the opinion of the Committee be contrary to the interests, welfare or rights of all or any part of other owners.

(iii) Power to Grant Variances. The Committee may allow reasonable variances or adjustments of these Restrictions where literal application would result in unnecessary hardship, but any such variance or adjustment shall be granted in conformity with the general intent and purposes of these Restrictions and no variance or adjustment shall be granted which is materially detrimental or injurious to other lots in the Development. No variance granted creates an allowance for said variance on other lots within the development but provides for that variance to be permitted solely as it applies to the designated lot.

B. Duties of Committee. The Committee shall approve or disapprove proposed improvements within seven (7) days after all required information shall have been submitted to it. One copy of submitted material shall be retained by the Committee for its permanent files. All notification to applicants shall be in writing, and, in the event that such notification is one of disapproval, it shall specify the reason or reasons.

C. Liability of Committee. Neither the Committee nor any agent thereof, nor the Developer, shall be responsible in any way for any defects in any plans, specifications or other materials submitted to it, nor for any defects in any work done according thereto. Further, the Committee does not make any representation or warranty as to the suitability or advisability of the design, the engineering, the method of construction involved, or the materials to be used.

9. RULES GOVERNING BUILDING ON SEVERAL CONTIGUOUS LOTS HAVING ONE OWNER.

Whenever two or more contiguous lots in the Development shall be owned by the same person, and such owner shall desire to use two or more of said lots as a site for a single-dwelling house, he shall apply in writing to the Committee for permission to so use said lots. If permission for such a use shall be

granted, the lots constituting the site for such single-dwelling house shall be treated as a single lot for the purpose of applying these Restrictions to said lots, so long as the lots remain improved with one single-dwelling house.

10. OWNERSHIP, USE AND ENJOYMENT OF COMMONS.

"Commons" and "Commons Area" shall mean those areas set aside as "Blocks" for conveyance to the Association, as shown on the plats. Any Commons depicted on the recorded plats of the Development shall remain private, and neither the Developer's execution of recording of the plats nor the doing of any other act by the Developer is, or is intended to be, or shall be construed as, a dedication to the public of the Commons. However, the Developer does reserve the right to dedicate particular "Blocks" to the public via a recognized public authority such as a City or County or their respective park boards.

A license upon such terms and conditions as the Developer, and the successors, assigns or licensees of the Developer, shall from time to time grant, for the use and enjoyment of the commons, is granted to the persons who are from time to time members of the Association. Ownership of any commons shall be conveyed in fee simple title, free of financial encumbrances to the Association upon their completion. Such conveyance shall be subject to easements and restrictions of record, and such other conditions as the Developer may at the time of such conveyance deem appropriate. Such conveyance shall be deemed to have been accepted by the Association and those persons who shall from time to time be members thereof upon the recording of a deed or deeds conveying such Commons to the Association.

11. CLAYBOURNE PROPERTY OWNERS ASSOCIATION, INC.

The Declarant has or will create within six months of the recording of a Secondary Plat of the Real Estate, under the laws of the State of Indiana, a not-for-profit corporation to be known as the Claybourne Property Owners Association, Inc., referred to as the "Association". The annual special assessments, together with interest, cost, and reasonable attorneys' fees, shall be a charge on the land and shall be a continuing lien upon the property against which each such assessment is made. Each such assessment, together with interest, costs and reasonable attorneys' fees, shall also be the personal obligation of the person who was the owner of such property at the time when the assessment fell due. The personal obligation for delinquent assessments shall not pass to his successors in title unless expressly assumed by them. No charge or assessment shall ever be levied by the Association against the Developer.

B. Purpose of Assessments. D. Special Assessments for Maintenance of Shared Facilities with Shelbourne Estates. Each lot in Claybourne is entitled to the use and enjoyment of Blocks "H" and "J" in the Claybourne development. Each Shelbourne Estates lot shall be assessed in an amount equal of 1/258th of the total cost of maintaining Blocks "H" and "J". The treasurer of Claybourne shall annually compile the identifiable costs associated with Blocks "H" and "J" and submit an invoice for payment to the Shelbourne Estates treasurer. This payment shall be made by January 31st of the calendar year when the expenses will be incurred. The payment is not to be made in arrears. The Shelbourne Estates Association shall then pay to the Claybourne Association the respective proportion of the maintenance costs. Additionally, each Shelbourne Estates lot is entitled but not required to voluntarily join the Claybourne swimming pool. Each Shelbourne Estates lot that wishes to belong to the Claybourne pool shall pay to the Claybourne Association an amount equal to 110% of the identifiable annual operational and capital reserve costs associated with the pool as determined by the Claybourne Association treasurer divided by the number of lots in Claybourne or 1/216th

E. Special Assessments for Capital Improvements and Operating Deficits. In addition to the annual assessments authorized above, the Association may levy a special assessment for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of any capital improvement which the Association is required to maintain or for operating deficits which the Association may from time to time incur, provided that any such assessment shall have the assent of a majority of the votes of the members who are voting in person or by proxy at a meeting duly called for this purpose.

F. Notice and Quorum for Any Action Authorized Under Section C and D. Written notice of any meeting called for the purpose of taking any action authorized under Section C and D shall be sent to all members not less than thirty (30) days nor more than sixty (60) days in advance of the meeting. At the first such meeting called, the presence of members or of proxies entitled to cast sixty percent (60%) of all the votes of the membership shall constitute a quorum. If the required quorum is not present, another meeting may be called subject to the same notice requirement, and the required quorum at the subsequent meeting shall be one-half (1/2) of the required quorum at the preceding meeting. No such subsequent meeting shall be held more than sixty (60) days following the preceding meeting.

G. Date of Commencement of Annual Assessments: Due Dates. The annual assessment provided for herein shall commence for each lot on the date of conveyance to the owner by deed or on the date the owner signs a land contract to purchase a lot. Assessments shall be pro-rated for any partial year. The Board of Directors shall fix any increase in the amount of the monthly assessment at least thirty (30) days in advance of the effective date of such increase. Written notice of special assessments and such other assessment notices as the Board of Directors shall deem appropriate shall be sent to every owner subject thereto. The due dates for all assessments shall be established

by the Board of Directors. The Association shall, upon demand, and for a reasonable charge, furnish a certificate in recordable form signed by an officer of the Association setting forth whether the assessments on a specified lot have been paid. A properly executed certificate from the Association regarding the status of assessments for any lot shall be binding upon the Association as of the date of its issuance.

H. Effect of Non-Payment of Assessments: Remedies of the Association. Any charge levied or assessed against any lot, together with interest and other charges or costs as hereinafter provided, shall become and remain a lien upon that lot until paid in full and shall also be a personal obligation of the owner or owners of that lot at the time the charge fell due. Such charge shall bear interest at the rate of twelve percent (12%) per annum until paid in full. If, in the opinion of the Board of Directors of the Association, such charge has remained due and payable for an unreasonably long period of time, the Board may, on behalf of the Association, institute such procedures, either at law or in equity, by foreclosure or otherwise, to collect the amount owing in any court of competent jurisdiction. The owner of the lot or lots subject to the charge, shall, in addition to the amount of the charge at the time legal action is instituted, be obliged to pay any expense or costs, including attorneys' fees, incurred by the Association in collecting the same. Every owner of a lot in the Development and any person who may acquire any interest in such lot, whether as an owner or otherwise, is hereby notified, and by acquisition of such interest agrees, that any such liens which may exist upon said lot at the time of the acquisition of such interest are valid liens and shall be paid. Every person who shall become an owner of a lot in the Development is hereby notified that by the act of acquiring, making such purchase or acquiring such title, such person shall be conclusively held to have covenanted to pay the Association all charges that the Association shall make pursuant to this subparagraph of the Restrictions.

The Association shall, upon demand, at any time, furnish a certificate in writing signed by an officer of the Association that the assessments on a specified lot have been paid or that certain assessments against said lot remain unpaid, as the case may be. A reasonable charge may be made by the Board of Directors of the Association for the issuance of these certificates. Such certificate shall be conclusive evidence of payment of any assessment therein stated to have been paid.

I. Subordination of the Lien to Mortgage. The lien of the assessments provided for herein shall be subordinate to the lien of any first mortgage. Sale or transfer of any lot shall not affect the assessment lien. No sale or transfer shall relieve such lot from liability for any assessment thereafter becoming due or from the lien thereof. Provided, however, the sale or transfer of any lot pursuant to the foreclosure of any first mortgage on such lot (without the necessity of joining the Association in any such foreclosure action) or any proceedings or deed in lieu thereof shall extinguish the lien of all assessments becoming due prior to the date of such sale or transfer.

J. Suspension of Privileges of Membership. Notwithstanding any other provisions contained herein, the Board of Directors of the Association shall have the right to suspend the voting

rights if any, and the services to be provided by the Association, of any member or associate member (i) for any period during which the Association charges or any fines assessed under these Restrictions owed by the member or associate member remains unpaid, (ii) during the period of any continuing violation of the restrictive covenants for the Development, after the existence of the violation shall have been declared by the Board of Directors of the Association: and (iii) during the period of any violation of the Articles of Incorporation, By-Laws or regulations of the Association.

13. REMEDIES.

A. In General. The Association or any party to whose benefit these Restrictions inure, including the Developer, may proceed at law or in equity to prevent the occurrence or continuation of any violation of these Restrictions, but neither the Developer nor the Association shall be liable for damages of any kind to any person for failing wither to abide by, enforce or carry out any of these Restrictions.

B. Delay or Failure to Enforce. No delay or failure on the part of any aggrieved party to invoke any available remedy with respect to a violation of any one or more of these Restrictions shall beheld to be a waiver by that party (or an estoppel of that party to assert) any right available to him upon the occurrence, reoccurrence or continuation of such violation or violations of these Restrictions.

14. EFFECT OF BECOMING AN OWNER.

The owners of any lot subject to these Restrictions by acceptance of a deed conveying title thereto, or the execution of a contract for the purchase thereof, whether from the Developer or a subsequent owner of such lot, shall accept such deed and execute such contract subject to each and every Restriction and agreement herein contained. By accepting of such deed or execution of such contract, the owner acknowledges the rights and powers of the Developer, Committee and of the Association with respect to these Restrictions, and also, for themselves, their heirs, personal representatives, successors and assigns, such owners covenant and agree and consent to and with the Developer, Committee and the Association and to and with the owners and subsequent owners of each of the lots affected by these Restrictions to keep, observe, comply with and perform such Restrictions and agreements.

15. TITLES.

The titles preceding the various paragraphs and subparagraphs of the Restrictions are for convenience of the construction of any provisions of the Restrictions. Wherever and whenever applicable, the singular form of any word shall be taken to mean or apply to the plural, and the masculine form shall be taken to mean or apply to the feminine or to the neuter.

16. DURATION.

The foregoing Covenants and Restrictions are to run with the land and shall be binding on all parties and all persons claiming under them until January 1, 2020, at which time said Covenants and Restrictions shall be automatically extended for

successive periods of ten (10) years, unless changed in whole or in part by vote of those persons who are then the owners of a majority of the numbered lots in the Development.

17. SEVERABILITY.

Every one of the Restrictions is hereby declared to be independent of, and severable from, the rest of the Restrictions and of and from every other one of the Restrictions, and of and from every combination of the Restrictions.

Therefore, if any of the Restrictions shall be held to be invalid or to be unenforceable or to lack the quality of running with the land that holding shall be without effect upon the validity, enforceability or "running" quality of any other one of the Restrictions.

18. LITIGATION.

No judicial or administrative proceedings shall be commenced or prosecuted by the Association without first holding a special meeting of the members and containing the affirmative vote of Voting Members representing at least seventy-five (75%) of the Lots to the commencement and prosecution of the proposed action. This Section shall not apply to (a) actions brought by the Association to enforce the provisions of this Declaration, the By-Laws or rules and regulations adopted by the Board (including, without limitation, an action to recover Charges or to foreclose a lien for unpaid Charges) or (b) counterclaims brought by the Association in proceedings instituted against it.

19. NON-REMONSTRANCE AGREEMENT.

Residents of Claybourne as owners of Real Estate are bound to the Non-Remonstrance Agreement with the City of Carmel attached here as Exhibit "B".

IN TESTIMONY WHEREOF, witness the signature of the Declarant this 1st day of October, 2002.
