SECTION FOUR

on, across and from said areas shall not be impeded, diverted or accelerated. Such use for storm water movement or retention or detention is hereby declared to be an easement and servitude upon said land for the benefit of the owners of other land included within the plat, upstream or downstream, affected by such use and for any proper agency or department of the City of Lawrence and the Indianapolis Department of Public Works. The City of Lawrence and the Indianapolis Department of Public Works are hereby given the right to obtain access to such areas to perform maintenance and to perform such maintenance as may be necessary to protect that easement and servitude rights.

It shall be the responsibility of the owner of any lot or parcel of land within the plat to comply at all times with the provisions of the drainage plan as approved for this plat by the Department of Public Works of the City of Indianapolis and the City of Lawrence and the requirements of all drainage permits for the plat issued by those agencies. Failure to so comply including failure to comply with the Department of Public Works and Federal Housing Administration lot grading regulations and recommendations or construction of any building area including basements or lower levels of multi-level homes, below the minimum pad elevations shown on the Drainage Plan, shall operate as a waiver and release of the developer, his engineer and agents from all liability as to damage caused by storm waters of storm drainage.

000108672

Further, there are easements and servitudes upon the land within the plat in favor of surface water runoff along natural valleys and drainage channels running to owners of other land contained within the plat, upstream and downstream. It shall be the responsibility of the owners of these natural valleys and channels to use their land and maintain said natural valleys and channels in such manner and condition that the flow of storm drainage waters on, across, from and to such areas shall not be impeded, diverted or accelerated.

The lots of this subdivision and the use of the lots in this subdivision by present and future owners or occupants shall run with the land:

1. Front building lines are hereby established as shown on the foregoing plat between which lines and the right-of-way lines there shall be erected, placed, or altered no structure or part thereof except that fences in keeping with the architectural style as specifically approved by the Architectural Review Committee will be permitted, except that in no case will such fences be permitted on the public right-of-way. The building lines which are from public right-of-way lines are parallel to and 25 feet measured perpendicularly from these public right-of-way lines unless otherwise dimensioned.
2. Lots may be used only for residential purposes and only for one single-family dwelling, a private garage, and other such outbuildings as are usual and incidental to the use of a residential lot may be constructed thereon.
3. All lots in this subdivision shall be designated as residential lots, and no home shall exceed two and one half stories or thirty-five feet in height.
4. Every single-family dwelling erected, placed, altered or maintained on any lot within this subdivision shall have a minimum living area exclusive of open porches, unfinished basements and attached garages of twelve hundred (1200) square feet. In the case of a structure of more than one story, at least seven hundred twenty (720) square feet of the required minimum living area shall be on the first floor of the lower set of floors of the home.
5. Each single-family residence constructed upon any lot within this subdivision shall include at a minimum an attached 2 car garage. The means of ingress and egress to such attached garage shall be over a hard surface driveway constructed of concrete.
6. Every residence constructed upon any lot within this subdivision shall have a minimum of 20 percent (20%) as masonry construction. This 20% requirement shall be exclusive of any planters or like separate structures.

7. No structure of a temporary character, tent, shack, basement, garage, barn or other out-building shall be erected, placed, or altered upon any lot for use as a residence either temporarily or permanently or at any time be used for such purpose.

8. The repair or storage of inoperative motor vehicles or material alteration of motor vehicles shall not be permitted on any lot unless entirely within a garage permitted to be constructed by these covenants, conditions and restrictions.

9. Owners of undeveloped or unoccupied lots shall at all times keep and maintain such lots in an orderly manner causing weeds and other growths to be reasonably cut and prevent the accumulation of rubbish and debris thereon.

10. No noxious or offensive activities shall be carried on or be permitted to exist on any lot, nor shall anything be done thereon which may be or become an annoyance or nuisance. Any structure or building permitted to be constructed on any lot by these covenants, which may be all or in part destroyed by fire, wind, storm or any other reason, shall be rebuilt and restored to its previous condition within a reasonable length of time, and all debris accumulated in connection therewith shall be removed within a reasonable time after any such occurrence.

11. Any tank for the storage of fuel erected, placed or altered on any lot outside of any structure or building permitted by these covenants shall be concealed or otherwise located below the surface of the ground.

12. No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot except dogs, cats or other animals generally and customarily recognized as household pets, provided they are not kept, bred or maintained for any commercial purpose.

13. No use shall be made of any lot in this subdivision except as permitted by the regulations of the dwelling districts zoning ordinance of Marion County, as amended for the zoning classification under which this project is developed.

14. Every building or part thereof shall be so located as to provide a side yard on each side of every said building in accordance with the Marion County Zoning Ordinance of 1966, as amended for the D-3 zoning classification, except that in the case where the same person or persons own two adjoining lots not separated by a utility easement or a drainage easement which serves lots beyond the lots owned by the common owner as described above, then this restriction shall apply to the lot lines of the extreme boundaries of the multiple lots under common ownership. Where adjoining lots are owned by the same owner or owners, and the drainage easements or utility easements which may separate those lots are not used to provide drainage or utility services to any area beyond the lots commonly owned, then those easements on the boundary line between the two lots shall be extinguished for so long as the lots are owned by the same owner or owners. Notwithstanding the regulations of the D-3 zoning ordinance the minimum rear yards for any lot within this subdivision shall be twenty feet, and the minimum side yard of each lot or the combined lots under the circumstances described above shall be not less than six (6) feet, and the aggregate of both side yards shall not be less than sixteen (16) feet. In addition, the open space which is comprised of the total horizontal area of all uncovered open space plus one half of the total horizontal area of all covered open space shall comprise at least seventy percent of the total lot area.

15. No boat, trailer or camper of any kind shall be kept or parked upon said lot except within the garage or other approved structure.

16. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the street shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting points 25 feet from the intersection of said street lines, or in the case of a rounded property corner, from the intersection of the street lines extended. The same sight line limitations shall apply to all lots within 20 feet from the intersection of a street line with the edge of a driveway pavement or alley line. No tree shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines. No fences shall be permitted to be constructed between the front set back line and the street curb.

17. No house footing drain or roof water drain shall be discharged into the sanitary sewers.

18. An Architectural Review Committee is hereby created, which committee will consist of not less than one member. Said initial members of the Architectural Review Committee will be appointed jointly by the persons who have executed this plat. Those people who have executed this plat will also have the right to replace the member or members of the Architectural Review Committee and to expand the membership of the Architectural Review Committee with rights of appointing additional members. In the event of the death, disability or resignation of the originally appointed member or members, the person or persons who have executed this plat will be authorized to select the successor or successors to fill the vacancies thereby created. A majority of the members of the committee will be authorized to determine whether the proposed structure plans and specifications show conformity and harmony of exterior design with existing structures of the development and whether the building and property set back lines are in conformity with the applicable plat requirements.

all not be impeded, diverted or accelerated, or retention or detention is hereby declared upon said land for the benefit of the owners plat, upstream or downstream, affected by any or department of the City of Lawrence and Public Works. The City of Lawrence and the Public Works are hereby given the right to obtain maintenance and to perform such maintenance as easement and servitude rights.

the owner of any lot or parcel of land times with the provisions of the drainage the Department of Public Works of the City of Lawrence and the requirements of all drainage use agencies. Failure to so comply including consent of Public Works and Federal Housing Administration and recommendations or construction of basements or lower levels of multi-level homes, shown on the Drainage Plan, shall operate as a violation, his engineer and agents from all storm waters of storm drainage.

servitudes upon the land within the plat including natural valleys and drainage channels contained within the plat, upstream and downstream, and the responsibility of the owners of these natural valleys and land and maintain said natural valleys and drainage channels that the flow of storm drainage waters shall not be impeded, diverted or

the use of the lots in this subdivision by easements shall run with the land:

as established as shown on the foregoing plat of-way lines there shall be erected, placed, or removed except that fences in keeping with the plan approved by the Architectural Review Committee that in no case will such fences be higher than six feet. The building lines which are from the front and 25 feet measured perpendicularly from the front unless otherwise dimensioned.

for residential purposes and only for one detached garage, and other such outbuildings as are permitted on a residential lot may be constructed

shall be designated as residential lots, and shall not exceed thirty-five feet in height.

erected, placed, altered or maintained on any lot shall have a minimum living area exclusive of open porches of attached garages of twelve hundred (1200) square feet of more than one story, at least 100 square feet of the required minimum living area for each lower set of floors of the home.

erected upon any lot within this subdivision shall have a minimum of an attached 2 car garage. The means of access to the garage shall be over a hard surface

on any lot within this subdivision shall be constructed of masonry construction. This 20% of the lot area shall be occupied by any planters or like separate structures.

14. Every building or part thereof shall be so located as to provide a side yard on each side of every said building in accordance with the Marion County Zoning Ordinance of 1966, as amended for the D-3 zoning classification, except that in the case where the same person or persons own two adjoining lots not separated by a utility easement or a drainage easement which serves lots beyond the lots owned by the common owner as described above, then this restriction shall apply to the lot lines of the extreme boundaries of the multiple lots under common ownership. Where adjoining lots are owned by the same owner or owners, and the drainage easements or utility easements which may separate those lots are not used to provide drainage or utility services to any area beyond the lots commonly owned, then those easements on the boundary line between the two lots shall be extinguished for so long as the lots are owned by the same owner or owners. Notwithstanding the regulations of the D-3 zoning ordinance the minimum rear yards for any lot within this subdivision shall be twenty feet, and the minimum side yard of each lot or the combined lots under the circumstances described above shall be not less than six (6) feet, and the aggregate of both side yards shall not be less than sixteen (16) feet. In addition, the open space which is comprised of the total horizontal area of all uncovered open space plus one half of the total horizontal area of all covered open space shall comprise at least seventy percent of the total lot area.

15. No boat, trailer or camper of any kind shall be kept or parked upon said lot except within the garage or other approved structure.

16. No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the street shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting points 25 feet from the intersection of said street lines, or in the case of a rounded property corner, from the intersection of the street lines extended. The same sight line limitations shall apply to all lots within 20 feet from the intersection of a street line with the edge of a driveway pavement or alley line. No tree shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines. No fences shall be permitted to be constructed between the front set back line and the street curb.

17. No house footing drain or roof water drain shall be discharged into the sanitary sewers.

18. An Architectural Review Committee is hereby created, which committee will consist of not less than one member. Said initial members of the Architectural Review Committee will be appointed jointly by the persons who have executed this plat. Those people who have executed this plat will also have the right to replace the member or members of the Architectural Review Committee and to expand the membership of the Architectural Review Committee with rights of appointing additional members. In the event of the death, disability or resignation of the originally appointed member of members, the person or persons who have executed this plat will be authorized to select the successor or successors to fill the vacancies thereby created. A majority of the members of the committee will be authorized to determine whether the proposed structure plans and specifications show conformity and harmony of exterior design with existing structures of the development and whether the building and property set back lines are in conformity with the applicable plat requirements and these covenants, conditions and restrictions. The committee shall also undertake such other duties and responsibilities as may be assigned to it. No charges will be made to any purchaser of a lot for examination of plans or for giving approval for construction thereon. In the event the committee does not indicate in writing its approval or disapproval of plans submitted for its review within a period of fifteen calendar days after submission, the committee will be deemed to have approved such plans. Action of the committee need not be at a formal meeting but may be evidenced informally in writing, signed by a majority thereof. Prior to construction of any structure upon a lot within this subdivision, the building plans, including plot plan, specification and plans for landscaping and any other data or information which may be requested by the committee must be submitted to the Architectural Review Committee for its approval.
