There are several strips of ground of a width shown on this plat and marked "Utility and Drainage Easements" which are reserved for drainage and public utility purposes, not including transportation utilities, for the installation and maintenance of poles, mains, ducts, lines, wires, sewers and drains, subject at all times to the proper authorities and to the easement herein reserved. No permanent or other structure shall be erected on any of such strips, but the respective owners of the adjacent lot or lots in this subdivision shall take title to the same subject to the rights of such utilities and other lot owners to ingress and egress in, along, across, and through the strips as reserved.

No sign of any kind shall be displayed to the public view on any lot except one professional sign not more than one square foot, one sign of not more than five square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and sales period.

No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadway shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points 20 feet from the intersection of the street lines, or in the case of a rounded property corner from the intersection of the street property lines extended. The same sight line limitations shall apply on any lot within 15 feet from the intersection of a street property line with the edge of a driveway or alley pavement. No tree shall be permitted to remain within such distances of such intersection unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines.

These covenants shall run with the land and shall be binding on all persons claiming under them until January 1, 1921, at which time such covenants shall be extended automatically for successive periods of ten (10) years unless an instrument signed by a majority of the then owners of the lots has been recorded recording to cancel such covenants in whole or in part.

If any person hereunto, or any of their heirs and assigns, shall violate or attempt to violate any of the covenants herein, it shall be lawful for any person or persons owning real property in this subdivision to prosecute any proceedings at law or in equity against the person or persons violating or attempting to violate any such covenant, and either to prevent him or them from so doing or to recover damages or other relief for such violation.

Invalidation of any one of these covenants by judgment or court order shall in no wise affect any of the other provisions, which shall remain in full force and effect.
