Nordsiek, the Developers of the real estate shown and described in this plat (the "Real Estate"), hereby certify that they have laid off, platted and subdivided, and do hereby lay off, plat and subdivide said Real Estate in accordance with this plat. This Subdivision shall be known and designated as Quail Creek, Section 1, consisting of Lots 1 through 44 inclusive, an addition in Marion County, Indiana, containing 44 Lots.

In order to provide adequate protection to all present and future owners of lots in this Subdivision, the following plat covenants are hereby imposed upon the Real Estate and shall run with the Real Estate.

1. DRAINAGE AND UTILITY EASEMENTS There are areas of ground on this plat marked "Drainage Easements" and "Utility Easements" (D and UE), either separately or in combination. The Utility Easements are hereby created and reserved for the use of all public utility companies (not including transportation companies) and governmental agencies for access to and installation, maintenance, repair or removal of poles, mains, ducts, sanitary sewers, storm sewers, drainage swales, lines, wires, cables and other equipment and facilities for the furnishing of utility services, including cable television services.

The Drainage Easements are hereby created and reserved: (i) for the use of Developer during the development of the Subdivision for access to and for the installation, repair or removal of a drainage system, either by surface drainage or appropriate underground installations, for the Real Estate and adjoining property and (ii) for the Department of Public Works of the City of Indianapolis for access to maintenance, repair and replacement of such drainage system; provided, however, that the owner of any lot in this Subdivision subject to a Drainage Easement shall be required to keep the portion of said Drainage Easement on his lot free from obstructions so that the surface water drainage will be unimpeded.

The delineation of the Drainage Easement and Utility Easement areas on this plat shall not be deemed a limitation on the rights of any entity for whose use any such easement is created and reserved to go on any lot subject to such easement temporarily to the extent reasonably necessary for the exercise of the rights granted to it by this paragraph. No permanent structures or fences shall be erected or maintained upon said easements. The owners of lots in this Subdivision shall take and hold title to the lots subject to the Drainage Easements and Utility Easements herein created and reserved.

2. DRAINAGE PLAN It shall be the responsibility of the owner of any lot or parcel of land within the area of this plat to comply at all times within the provisions of the drainage plan as approved for this plat by the Department of Public Works of the City of Indianapolis and the requirements of all drainage permits for this plat issued by said Department.

It shall be the duty of every Owner of every lot in the Development on which any part of an open storm drainage ditch or swale is situated to keep such portion thereof as may be situated upon his lot continuously unobstructed and in good repair.

3. DEDICATION OF STREETS The rights-of-way of the streets as shown on this plat, if not heretofore dedicated to the public, are hereby dedicated to the public for use as a public right-of-way, subject however, to a reservation of ingress-egress for the maintenance of medians, if any, in any entranceways to the subdivision.

4. BUILDING LOCATION Building set-back lines and set back lines are as depicted in and on the plat. In addition, no building or structure shall be erected or maintained closer to any side lot line of any lot than six (6) feet, with each lot having an aggregate side yard requirement of sixteen (16) feet. Where two or more contiguous lots are used as a site for a single dwelling, this side yard restriction shall apply to the combined lots as if they were a single lot. Whenever a dimension is referred to or referenced in this item, it is strictly for convenience and information and in no instance is to be or be construed as a plat covenant.

5. MINIMUM LIVING AREA No residence constructed on a lot herein shall have less than twelve hundred (1,200) square feet of finished and livable floor area in aggregate for a one story residence or less than sixteen hundred (1,600) square feet in the aggregate for a multi-floor residence, exclusive of open porches and garages.
