

TREMONT ESTATE

RESTRICTIVE

The undersigned, Woodland Streams Development Corporation by its duly authorized officers, Danile H. Nichols, President and Rebecca B. Nichols, Secretary, owner of the attached described real estate, hereby lay out, plat and subdivided said real estate described above, in accordance with the plat and certificate.

This subdivision shall be known and designated as "Tremont Estates, Third Section".

The streets, if not heretofore dedicated, are hereby dedicated to public use.

There are strips of ground marked "Utility and Drainage Strips" shown on the plat which are hereby reserved for public utilities, not including transportation companies, for the installation and maintenance of poles, mains, sewers, drains, ducts, lines and wires. Purchasers of lots in this subdivision shall take their titles subject to the easements hereby created and subject at all times to the rights of proper authorities to service the utilities and the easements hereby created, and no permanent structure of any kind, and no part thereof, except fences, shall be built, erected or maintained on said "Utility and Drainage Strips".

There are strips of ground marked Drainage Easement which are hereby reserved for the installation and maintenance of drainage improvements. Purchasers of lots in this subdivision shall take their title subject to the easements hereby created and subject at all times to the proper authorities and the easements hereby created, and no permanent structure of any kind shall be built, erected or maintained on said Drainage Easement.

All lots in this subdivision by present and future owners or occupants shall be subject to the following conditions and restrictions, which shall run with the land.

1. No lot shall be used except for residential purposes and no building shall be erected, altered, or placed on any lot, other than one detached single family dwelling not to exceed two stories in height and an optional private garage for not more than three (3) cars. Carports with open sides shall not be permitted.
 2. No dwelling shall be permitted on any lot unless the ground floor area of the main structure, exclusive of one story open porches and garages, shall be not less than 1700 square feet for a one story dwelling, nor less than 1200 square feet for a dwelling of more than one story. Two-story dwellings shall contain at least 1700 square feet on each floor.
 3. No building shall be located on any lot nearer to the front lot line or nearer the side street line than the minimum building setback lines as shown on the recorded plat. No building shall be located nearer than 10 feet to a side yard line, and the total side yard setback (both sides) must be at least 20 feet. A five (5) foot side yard setback shall be required for an accessory building not exceeding 18 feet in height and if detached from the principal building, it shall be located at least as far back as the rear of the principal building. No building shall be erected closer than 25 feet to the rear lot line.
 4. No building shall be erected, placed or altered on any lot until the construction plan and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevations. No fence or wall shall be erected, placed, or altered on any lot nearer to any street than the minimum building setback line, unless similarly approved.
- Approval shall be as provided in Part 4.
5. The Architectural Control Committee is composed of three members, appointed by the developer. A majority of the Committee may designate a representative to

COVENANTS

17. Any field tile or underground drain which is encountered in construction of any improvements within this subdivision shall be perpetuated, and all owners of lots in this subdivision and their successors shall comply with the Indiana Drainage Code of 1965, and all amendments thereto.

18. Any motor vehicle which is inoperative and not being used for normal transportation shall not be permitted to remain on any lot. Above the ground swimming pools shall not be permitted or constructed on any lot.

19. The finished yard elevations at the house site on lots in this subdivision shall be not less than the elevations shown on the general development plan.

20. Drainage swales (ditches) along dedicated roadways and within the right-of-way, or on dedicated easements, are not to be altered, dug out, filled in, tiled, or otherwise changed without the written permission of the Johnson County Drainage Board. Property owners must maintain these swales as sodded grassways, or other non-eroding surfaces. Water from roofs or parking areas must be contained on the property long enough so that said drainage swales or ditches will not be damaged by such water. Driveways may be constructed over these swales or ditches only when appropriate sized culverts or other approved structures have been permitted by the County Drainage Board.

Any property owner altering, changing, or damaging these drainage swales or ditches will be held responsible for such action and will be given 10 days notice by certified mail to repair said damage, after which time, if no action is taken, the Johnson County Drainage Board will cause said repairs to be accomplished, and the bill for said repairs will be sent to the affected property owner for immediate payment.

21. These restrictions are hereby declared to be covenants running with the land and shall be binding on all parties and all persons claiming under them for a period of twenty-five (25) years from the date these covenants are recorded after which time said covenants shall be automatically extended for successive periods of ten years, unless at any time following recordation, an instrument signed by a majority of the then owners of the lots has been recorded agreeing to change said covenants in whole or in part.

22. Enforcement shall be by proceedings at law or in equity against the person or persons violating or attempting to violate any covenants either to restrain violation or to recover damages. Invalidation of any one of these covenants by judgment or court order shall in no wise affect any of the other provisions which shall remain in full force and effect.

the remaining members shall have full authority to designate a successor. Neither the members of the Committee nor its designated representatives shall be entitled to any compensation for services performed pursuant to this covenant. At any time, the then recorded owners of a majority of the lots shall have the power through

a duly recorded written instrument to change the membership of the Committee or to withdraw from the Committee or restore to it any of its powers and duties.

6. The Architectural Control Committee approval or disapproval as recorded in these covenants shall be in writing. In the event the Committee or its designated representatives fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in any event, if no such action is taken, the construction has commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

7. With written approval of the Architectural Control Committee, and where in the opinion of said Committee, the location will not detract materially from the appearance and value of other properties, a dwelling may be located near to a street than above provided, but not nearer than 25 feet to any street line.

8. No noxious or offensive activity shall be carried on upon any lot nor shall anything be done thereon which may be or may become an annoyance or nuisance to the neighborhood.

9. No structure of a temporary character, trailer, basement, tent, shade, awning, barn or other out-building shall be used on any lot at any time as residence, whether temporarily or permanently, on the exterior surface of all buildings shall have the written approval of the Architectural Control Committee. All dwellings shall contain a garbage disposal unit. Outside trash burners will not be permitted.

10. No sign of any kind shall be displayed to the public view on any lot, except one professional sign of not more than one square foot, one sign of not more than five square feet advertising the property for sale or rent, or signs used by a builder to advertise the property during the construction and/or sales period.

11. No oil drillings, oil development operations, oil refineries, quarries or mining operations of any kind shall be permitted upon or in any lot, nor shall oil wells, tanks, tunnels, mineral excavations or shafts be permitted upon or in any lot.

No derrick or other structure designed for use in boring for oil or natural gas shall be erected, maintained or permitted on any lot. All gas and oil tanks must be concealed.

12. No animals, livestock or poultry of any kind shall be raised, bred or kept on any lot except that dogs, cats, or other household pets may be kept, provided that they are not kept, bred, or maintained for any commercial purpose.

13. No lot shall be used or maintained as a dumping ground for rubbish, trash, or garbage. Antennas, masts, or towers of any kind will not be permitted on any lot or outside any dwelling.

14. No fence, wall, hedge or shrub planting which obstructs the right of way or elevations between two and six feet above roadway shall be placed or planted on any lot within the triangular area formed by the street and the lines and a line connecting the corners of the triangular area.

15. The intersection of the street prepared by the municipality shall be maintained at the intersection of the lot with the street pavement. No driveway shall be located within 70 feet of the edge of a driveway pavement.

16. Each lot shall be kept in a neat and pleasing manner. Campers, recreational vehicles or boats of any kind may not be stored or parked on any lot outside the main dwelling or garage. It is the intention of this restriction to assure that any surroundings present a park-like appearance.

17. No individual water supply system or sewage disposal system shall be permitted on any lot unless such system is approved by Johnson County and is located and constructed in accordance with requirements, standards, and recommendations of the Indiana State Board of Health.
